THE PROBLEM

Massive streaming companies are giving unfair prices and unethical business practices

Advantages

You can watch free with ads or you can pay for a membership to watch with no ads for the specific amount of time you choose to pay for.

There will be constant updates when new movies come out and they will be on the website in the best possible quality.

ABOUT US

We are the founding students of S.T.E.A.M in the computer science and IT pathway.

What makes Flicky different?

Flicky is different because it has been created by a group of young super talented prospects of the Brooklyn Steam Center. The makers of this product are proud to be working on this project and hope that people will enjoy it as much as we enjoyed making it. This team of students have worked very hard to find out about new releases, old films and more. On this website you will be able to browse different categories of movies, and find out release dates of upcoming movies all for FREE!

Competition

Netflix makes you pay \$8 a month to watch free movies.

The Market

- ❖ Movie Streaming

- Unfair Prices for deals

- Horrible business practice

Solution

Market
